## Extreme 9575

Extreme 9575 is the ideal satellite handset to call from anywhere in the world, including the Poles.

Extreme 9575 is a very technical and high profile professional terminal. It supports Google tracking and mapping services. The handset has IP65 and MIL-STD810F protection, high standards to withstand environmental agents, dusts and water jets.

The Iridium Extreme 9575 supports voice, SMS and data connectivity in dial-up, it has a battery with a duration of up to 30 hours in stand-by mode, the GPS positioning system and the SOS button are integrated, essential to communicate the GPS coordinates in case of emergency.

The package also includes the magnetic antenna that, positioned externally on a vehicle, supports the use of the phone on the move.

Extreme 9575 is a very robust and reliable phone, also ideal for professional use, with global coverage, including Poles.
